SUMMARY

Proficiently served as a Data Steward for one year, skillfully ensuring data integrity and regulatory compliance. Strong problem-solving abilities and a detail-oriented approach, coupled with excellent communication and collaboration skills. seeking a data analyst role to leverage technical expertise and contribute to organizational growth.

KEY SKILLS

- **Languages**: MS Excel, Python, SQL, Tableau, Machine Learning.
- **Skills**: Data Preprocessing, Exploratory Data Analysis, Data Visualization, Statistical Analysis.
- **MS Excel**: Data Cleaning, Index/Match, VLOOKUP, HOOKUP, Pivot tables, Charts, Conditional Formatting, Data Manipulation, Data Analysis Tool Pack.
- **Python**: NumPy, Pandas, Matplotlib, Seaborn, Stats Model, Scikit Learn, Flask.
- **SQL**: RDMS, Data Query, Data Definition and Data Manipulation Languages.
- **Tableau**: Data Exploration and Analysis, Dashboard Creation, Data Storytelling, and Data Visualization.
- **Machine Learning**: Train and Testing data, Model Building, Model Fitting, and Getting more accuracy for the model with different techniques.
- **IDE**: Jupyter Notebook, Vs Code, Google Collab.

ACADEMIC PROJECTS (3 top projects)

- **Title: Exploratory Data Analysis and ML Model Building on YouTube Dataset (Python, ML)**
  Perform data analysis on the YouTube dataset using pandas libraries, and perform exploratory data analysis and build an ML model to predict likes based on features likes, and views.
  Description:
  - Conducted meticulous data cleaning to ensure data quality and reliability.
  - Performed comprehensive data preprocessing, including feature engineering, for optimal
  - model performance.
  - Developed and implemented the Linear and Logistic Regression algorithm to build a highly
  - accurate model to predict likes.

Key skills: Data reading, Data Wrangling, Correlation, EDA (Exploratory data analysis), ML Model Building.

- **Title: Terro's Real Estate Agency**
  Selecting the significant variables for regression to predict the target variable using Linear Regression
  Description:
  - Cleaning, Sorting, and Wrangling of Data.
  - Using Descriptive statistics and statistical concepts like Covariance and correlation.
  - Visualization of Data using different charts and methods available and interpreting the data.
  - Usage of Regression and construction of Regression Equation for prediction. Presenting
  - suggestions and inferences to the organization in a systematic and understandable documented format (MS Word).

Key skills: Data Manipulation, Data Wrangling, Data Visualization, Linear Regression.

Email ID: navinashnavi0@gmail.com

- **Title: Crop Prediction Using Machine Learning**
  Developed a crop prediction project using machine learning techniques. This project aims to forecast the suitable crop for cultivation based on relevant data, contributing to precision agriculture and sustainable farming practices.

  Description:
    - Import and use various libraries like NumPy, Pandas, Seaborn, and matplotlib.
    - Data wrangling techniques for cleaning and sorting data.
    - Using the Seaborn library plot different graphs, and get useful insights from that.
    - Using Machine Learning to Train and Test the data and model-building.
    - Developed and implemented with Logistic Algorithm to build a highly accurate model to predict the crop

Key skills: Data reading, EDA Process, Python, SQLite, Flask, Machine Learning, VS Code, GitHub.

PROFESSIONAL SUMMARY

Program Analyst Trainee, Cognizant Technology Solutions   **February 2023 - August 2023**

- Developing Automation Test scripts using Selenium.
- Creating automation test scripts for the regression test cases and test scenarios.
- Creating a daily status report.
- Active attendee in Scrum calls and Defect triage calls with the Dev Team.

Artificial Intelligence Developer, Intellypod   **January 2024 – Present**

- Currently Working on the OPENAI LLM Chatbot project based on CHAT GPT.
- The chatbot is about the conversion of PDF into Text.
- also, it gives questions and answers related to PDF content.
- Creating EOD reports on daily Tasks.
- Actively Attending the stand-up call with the team for the updates.

HACKATHONS/OTHER CERTIFICATIONS

- SQL: Basic (Hacker Rank)
- SQL: Introduction to Database and SQL Querying (IBM)
- Data Analytics: Great Learning Academy

EDUCATION

Course	Institution	Year	Remarks
B. Tech	Gokaraju Rangaraju Institute of Engineering and Technology Hyderabad	2020-2023	67.07

Name: G Navinash
Phone: 9121933278
Email ID: navinashnavi0@gmail.com

| Diploma | Government Polytechnic College of Mahabubnagar | 2017-2020 | 64.81 |
| 10th Std | Fathima Vidhyalayam Mahabubnagar | 2016-2017 | 80.75 |

OTHER ACHIEVEMENTS

- Successfully Completed a South India Trip on a Two-wheeler in 10 days of Span.
- Awarded as a School People Leader in schooling.
